

# Lacock Primary School – Year 4/5/6 – Art Drawing – portraits

## Important Vocabulary

portrait	A portrait is a painting, photograph or sculpture in which the face and its expression is the focus.
Self-portrait	A self-portrait is an observational piece of art based on yourself.
proportions	The size of something compared to something else.
realistic	A true representation of a person

## Key Skills

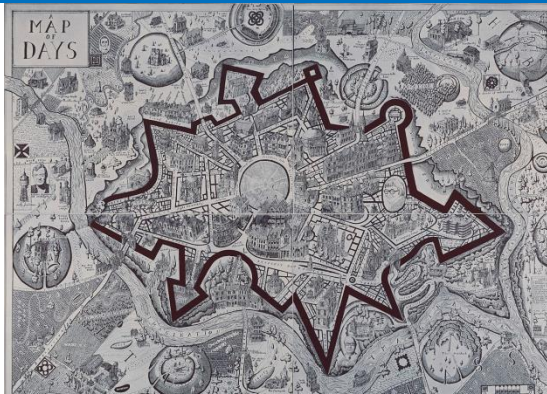

- Confidently control the types of marks made
- Evaluate and draw from the art of others.

### How can this be a self-portrait?

How can this be a self-portrait?

## Key Knowledge/Facts

- To begin to consider the truth of a self-portrait.
- To learn the mathematical proportions of the face.
- To recognise work from the Tudor period, analysing purpose and the artists' intentions.
- To understand the coat of arms as a type of self-portrait in Tudor times.
- To manipulate and experiment with the elements of art; line, form and shape.
- To produce a sustained drawing from close observation.

What I should already know:

How to draw a simple portrait of myself, using a mirror to identify features.

This learning will help me in the future when I learn:

A deeper understanding of art history.
