

Lacock Primary School – Year 4/5/6 – R.E – Do Christianity and Science complement or conflict with each other?

Important Vocabulary		Lord, our Lord, how majestic is your name in all the earth! PSALM 8:9	'A wise man proportions his belief to the evidence.' David Hume, philosopher and humanist	Key Skills
<i>conflicting</i>	<i>Serious differences between beliefs and opinions.</i>			*I can recognise diversity in religious, spiritual and moral expression, within and between religions. *I can raise and suggest answers to questions and issues raised by religion and belief.
<i>complementary</i>	<i>Things that are different but make a good combination.</i>			
cosmology	The study of astronomy involving the origin and evolution of the universe			

God Christian	The one who created and rules over the world
Humanism	They believe we should use science and evidence to understand the world.
Genesis	A book or part of the bible which talks about Creation. Means origin.

What is the difference between these books?
Can you only believe in one?

How does this unit fit into our Big Frieze?

Can you be a Christian and a Scientist?

Jennifer Wiseman
Astronomer
Scientist
Christian

STARS, PLANETS, GALAXIES, AND LIFE:
A UNIVERSE OF AWE, CHALLENGE, AND INSPIRATION

Key Knowledge/Facts

- What was created on each day in Genesis?
- Can Christians also be scientists?
- Do Christianity and Science complement each other or conflict with each other?
- How can a Christian's beliefs affect the choices they make about our world?
- How can I know what is true?
- What are the common features of a humanist approach to understanding the world?

What I should already know:

That many Christians believe in a creator God, who cares for all creation.

This learning will help me in the future when I learn:

That there are many different non-religious views of the world.
