

Dear parents

We use a system called ParentMail to take orders for school lunches.

This means sharing some details with IRIS Software Group Ltd, this is the company that runs the software we are using, they are fully GDPR compliant and their certificates and documentation can be seen upon request via email at [info@lataca.co.uk](mailto:info@lataca.co.uk)

In order for you to be able to use this system and order your child's school lunches, we need direct permission from yourselves to use your email address to create an activation link to be sent out to you

You can do this by filling out the slip below and emailing it back to us at [info@lataca.co.uk](mailto:info@lataca.co.uk).

Please be aware we will no longer be taking paper copy/email order forms so you must return this slip to be able to order meals.

You can also just email us to give permission for us to use your email addresses

I give permission for Lataca Ltd to pass on the details I provide to 123Comms Ltd in order to create a school meal ordering account
